### YOUR PROGRAM

#### Day 1 - Installation in the Gulf of Saint-Florent

For this day, according to your schedule of arrival, settle into your hotel next to the sea. Enjoy spending time at the hotel or looking around the picturesque port.

Night in Saint-Florent in 3 \*\*\* hotel with swimming pool.

#### Day 2 - The Cape of Corsica

You will ride to the Bastia area in order to take the road along the east coast of the Cape of Corsica. This is a lovely day's ride, taking you through fantastic little ports including those at Erbalunga and Centuri (famous for lobster). The road gently undulates along the coast, with views out across the Mediterranean and towards the Italian islands of Capraia and Elba. Having driven up the east coast, and along the top, the road returns down the magnificent west coast, with incredible views of the mountains plunging into the sea. Pass through the cliff-top perched village of Nonza and the capital of Corsican winemaking, Patrimonio, before heading back to your hotel.

Approximately 130km.

### Day 3 - The Gulf of Galéria

For this day, we propose a day's ride to discover the Balagne. You will cross the 'Desert des Agriates' to join some minor roads that are our secret. Driving through the heart of the Balagne, you will join the routes des Artisans, before dropping back down to the coast at Calvi. Spend time discovering the lively port of Calvi with its ancient citadel, before returning to St. Florent via Nebbio.

Variable and adaptable distances this day, between 120 and 200km.

Return to your hotel in Saint-Florent.

### Day 4 - Heading south

For this day of transition, you will drive through the ancient capital of the island, Corte. It would be criminal not to pause here for lunch (we have some good recommendations for you too). After Corte, take the mountain road, winding up and over col after col before reaching the area of Alta Rocca and its villages perched high up on the hillsides. Installation in your hotel 3 \*\*\* with swimming pool. The view will take your breath away!

Approximately 210km.

### **Day 5 - The cliffs of Bonifacio.**

This is a splendid day, where you get to discover what the South of the island has to offer. The “most beautiful” beach of the island, Palombaggia, the superb cliffs of Bonifacio, the Golf of Spérone, and the Lavezzi islands... Taking a boat trip here is highly recommended in order to visit the natural caves and to really enjoy the beauty of the area. A visit to the Lavezzi islands is also an unforgettable moment. Do not forget your bathing suit!

Return to the hotel.

Approximately 124km.

### **Day 6 - Bavella and the Alta Rocca**

If you think there can't possibly be any more surprises in store for you in Corsica, then you are wrong! Returning to the interior, you will get to explore the superb stone villages of the Alta Rocca. The lake of Ospédale and its forest will not leave you indifferent. However, the real highlight of the day is the famous Needles of Bavella (a walk in this area is possible). On the return, it is well worth taking the time to bathe in the natural swimming pools at Solenzara.

Return to the hotel.

Approximately 169km, with a possibility to shorten.

#### **Day 7 - Towards Bastia**

According to your time of departure, you will be able to choose a direct route or to benefit from a final day of adventure and discovery. If you have the time, take the minor roads through the Castagniccia, one of the most wild and authentic areas of Corsica. The ride will take you back through the Nebbio before taking you back to your final destination, the port of Bastia. End of stay.
