YOUR PROGRAM

Day 1 - The Cape of Corsica

Once you will have arrived in Bastia, start your journey by discovering the Cape of Corsica. First, you will ride up beautiful rolling hills, and then stop at the ports of Erbalunga and Maccinaggio before riding through the Cape. Next, you will ride along the road to Centuri – where you can find the best crayfish in France – and get to discover magnificent coves. You will also have the choice to stop in Canari or Albo for a while, before setting off to Nonza, a town famous for both its Torra Paolina (Paolin Tower) and its black-pebble beaches. After that, the road will take you to Patrimonio, the capital of Corsican wine. In the evening, you will stay in your hotel in St Florent and have the opportunity to admire its sandy beaches.

Distance: approximately 130km.

Day 2 - From St Florent to Galéria

Today's stage will lead you to go through the Désert des Agriates, a magnificent protected nature reserve. On the way there, you will get to see stunning landscapes and ride on many fantastic winding roads. Charming secret mountain roads will quickly unravel before your very eyes, as you catch sight of olive groves, cactus trees, and Barbary figs. You will then get to explore authentic and enchanting little villages where cows wander freely across the roads; and, on your way to Balagne at sunset, the

landscape will become a true feast for the eyes, as it will slowly change into a lunar spectacle. You will then stop in Belgodere for a while, in front of a picturesque little church, before setting off to the Route des Artisans (Road of the Craftsmen). Next, you will ride to Calvi and get to admire both its port and ancient citadel. After that, you will ride along one of Corsica's most popular roads. Admittedly, it is in poor condition but it will offer you some of the best and most wonderful landscapes in Corsica. Finally, you will reach the seaside town of Galeria and spend the night in one of the town's hotels.

Distance: approximately 150km.

Day 3 - From Galéria to the Calanches de Piana

Today's stage will lead you to the Col de Palmarella where you will be able to enjoy stunning panoramic views. However, you will soon set off to other seaside villages nearby, which will give you the opportunity to try a great variety of water sports.

After that, you will set off to the famous Calanches de Piana, and ride up to a village, where you will be able to visit a few churches, and where a certain Greek influence makes itself felt through the village's architectural features. You will then go around the coastline before riding into the heart of the island. Be careful of the wild pigs. They tend to wander about freely on the roads. The journey will then lead you to Evisa, a town essentially famous for its chestnut trees. Finally, you will end today's journey by travelling around gorges where it is quite common to come across herds of goats.

Distance: approximately 150km.
